Dear Paul and Greg,

On behalf of the Federal Drug Agents Foundation, I sincerely thank you for representing the TSA at last night's True American Hero Awards event. The FDAF was honored to be able to acknowledge the tragic events at LAX and to be able to provide support to the widow of fallen Officer Hernandez.

You are now part of the "extended family" of law enforcement agencies that the FDAF is ready and willing to support. We hope that the TSA will never have a need for our services in the future, but if you do, we will be there.

**Best regards,
Mike**
